WATER, AIR, AND SOIL POLLUTION

Subject Index – Volumes 55–60 (1991)

SUBJECT INDEX – VOLUMES 55–60

Acidic
  deposition **60**, 83
  forest soil **60**, 11
  groundwater **60**, 149
  lakes **59**, 3, 7, 23, 41
Acidification
  brown trout **60**, 197
  effects on zooplankton **60**, 135
  liming **55**, 345
Acid neutralizing capacity
  effect on Hg content **56**, 295
Acid rain simulated **60**, 301
Activated C
  Hg removal from flue gases **56**, 117
Aerosol Hg **56**, 141
Al
  aquatic plants **57–58**, 399
  aqueous solutions **57–58**, 139
  contamination **55**, 337
  effects on algae **60**, 249
  phytotoxic **57–58**, 121, 149
  soil solutions **57–58**, 101
  speciation **57–58**, 139
  spruce needles **57–58**, 131
Alfalfa
  Cu **57–58**, 201
Algae
  chelator effects **60**, 249
  heavy metals **57–58**, 645
  herbicide effects **55**, 295
  metal effects **60**, 249, 381
  Se effects **59**, 359
Amphibians
  effect of acid deposition **55**, 445
Animals
  Hg **57–58**, 159
Aquatic biota
  Hg content **55**, 283
Aquatic ecosystems **57–58**, 13
Aquatic organisms
  metal detection **57–58**, 496
Aquatic plants
